

## ROW OVER JEWS

Germany Wrought Up Over Anti-Semitic Feeling.

Competition in Trade Brings About New Trouble.

Berlin, Dec. 23.—Anti-Semitism, an issue which has been almost dead since the beginning of the war, has been revived this week by the Tages Zeitung and other newspapers.

In consequence a controversy which may be described as almost bitter has broken out between papers of the Tages Zeitung stamp on the one hand and those like the Tagblatt, which adopt a liberal attitude in regard to the Jewish question on the other. The more liberal papers, however, particularly the anti-Jewish movement, particularly as it is asserted German Jews have borne their share of the war's burdens liberally and are doing their utmost for the fatherland in both a military and an economic sense.

The present revival of the anti-Semitic movement began with a savage attack in the Tages Zeitung against Eugen Dietrich of Jena, who had accused "a Berlin morning newspaper"—inferentially the Tages Zeitung—of being anti-Jewish. The latter denied it was the newspaper attacked and further roused Jewish feeling by putting the blame on still another Berlin journal.

The Tagblatt entered the controversy calling the Tages Zeitung's charges "base defamation of German Jews, many of whom died for the fatherland after voluntarily joining the army—in which they were notably different from certain anti-Semitic nationalist typewriter heroes who have not lived up to the war propaganda they preached for years."

**Feeling on the Wane.**  
Theodore Wolff of the Tagblatt, who is perhaps the most prominent editor of Germany, declares that notwithstanding the recent anti-Semitic feeling in Germany is gradually on the wane, existing nowhere to a great extent except possibly among the minor nobility.

"I am also of the opinion," Mr. Wolff said, "that the Jewish now has equal rights in the army and may become an officer along with a Christian."

"It is only among the minor nobility that the Jew is still unwelcome, on account of the fact that they are notably outstrip his competitors, who are jealous of him. But do not forget there are notable exceptions in this class. A few German newspapers which represent this class of the minor nobility, such as the Tages Zeitung, and the Tagblatt, are naturally anti-Jewish, but their anti-Jewish feeling is less effective each month. I look for eventual liberty for Jews in Germany such as exists in America today."

## UNREST IN AGENS

of Varna which was at first depicted as a formidable Russian force, the chief Bulgarian port has stirred London, but according to reports from both sides it was the result of a minor naval action among torpedo boats, in which the shore batteries participated. However, a large Russian fleet is said to be in the vicinity of Varna and the action may be merely preliminary to a serious Russian attack.

Hartmann-Wellerkopf is once more a subject of contention. Possession of the summit of this mountain has been disputed so closely by military forces as well as by those who officially record their movements that an Associated Press correspondent was called upon last April to decide the relative positions of the opposing sides. In the present instance the French assert they have expelled the Germans from their high fortifications. The Germans admit retirement from the summit which they assert they had occupied since April.

The French claim they have not only advanced their positions substantially, notwithstanding the fact that the Germans succeeded in recouping some of the lost trenches, but have forestalled in a measure an offensive which the Germans had been preparing in the Vosges.

**Sinking of the Yatsuka Maru.**  
The Japanese liner, Yatsuka Maru, was sunk by a submarine without warning, according to reports from her agents. The vessel went down in the Mediterranean while bound from London to Japan with 120 passengers, one of them an American, all of whom were saved. The Dardanelles expedition has cost the British 112,921 men, these being the official figures of casualties up to December 11. Of this number 1,600 officers and 23,670 men were killed.

retrograde advice contradicted the reports of the landing of Russian troops at Varna on the Bulgarian Black sea coast. There was only a brush with the coast batteries before by warships pursuing a Bulgarian torpedo boat, it is declared. The Germans are continuing their counter attacks at Hartmann-Wellerkopf. In the Vosges, the summit of which was taken by the French on Tuesday.

**French Official Statement.**  
Paris, Dec. 23.—The following communication was given out at the war office this afternoon:

The night was relatively calm over the whole front. South of Arras in the vicinity of Beaudrauld our artillery kept up its destructive fire. In Champagne there was hand to hand fighting east of Navarin farm and in the sector of Hill 193.

"In the Vosges, the situation is unchanged on our left, where the counter attacks of the enemy are proceeding. Our right continues to make progress yesterday."

## JUST AS A FEELER

Roosevelt Boom Has Been Sent Out Over Country

To See How It Will Take, Say Party Leaders.

New York, Dec. 23.—The Roosevelt boom for the Republican presidential nomination has been shot out through the country by ardent admirers of the colonel to see how it would "take" in the opinion of several Republican national committeemen and party leaders here to meet with National Chairman Charles D. Hilles today.

Committeeman Charles A. Spies, of New Mexico, who conferred with Hilles said that he does not believe the colonel has any thought of trying to secure the Republican nomination. Committeeman Ralph H. Cameron, of Arizona, said he believes some of the colonel's friends are trying to convince him against his will that the country is demanding that he return.

"They think the colonel will throw his hat into the ring," said Cameron, "but they are not sure. There are other gentlemen who think the country's response to the Roosevelt boom will convince his closest friends that the sentiment is not for the colonel. It is not a matter of opinion, it is a fact. The colonel's friends are trying to convince him against his will that the country is demanding that he return."

**Deny Important Conference.**  
Republican chiefs at the Waldorf denied today that any important conference had brought them to New York. The westerners declared they had dropped off in New York on the way home from the national committee meeting at Washington. They said they had "paid" the room on which Hilles, but denied Roosevelt's candidacy was under discussion. They did not think it significant that incoming trains brought only Republicans hostile to Roosevelt to town, including Murray Crane of Massachusetts, Vice President of the Senate and Senator Penrose of Pennsylvania.

The Arizona national committeeman suggested that a "dark horse" may appear with the Republican nomination. The others fought shyly away from expressing personal preferences among the field of candidates.

Dr. Albert, who was at the head of the scheme, Doctor Albert gave the instructions to the Republican publican party could win with Roosevelt, but according to one western leader: "We are not going to deal with Roosevelt. Neither Taft nor Roosevelt will be able to swing the next convention."

**Equal Rights in Army.**  
The Jewish now has equal rights in the army and may become an officer along with a Christian.

"It is only among the minor nobility that the Jew is still unwelcome, on account of the fact that they are notably outstrip his competitors, who are jealous of him. But do not forget there are notable exceptions in this class. A few German newspapers which represent this class of the minor nobility, such as the Tages Zeitung, and the Tagblatt, are naturally anti-Jewish, but their anti-Jewish feeling is less effective each month. ## BACKED BY BERLIN

German Government Financed Rubber Smuggling Scheme.

Even United States Mails Were Used by Smugglers.

New York, Dec. 23.—Federal officials are prepared to show that the plot to smuggle rubber out of New York for Germany, exposed, had the direct backing of the German government.

It was learned today that Dr. Heinrich Albert, whose activity in the German propaganda resulted in his return to Berlin, was at the head of the scheme. Doctor Albert gave the instructions to the Republican publican party could win with Roosevelt, but according to one western leader: "We are not going to deal with Roosevelt. Neither Taft nor Roosevelt will be able to swing the next convention."

## GO DOWN IN HISTORY

Kaiser Sends Message of Praise in Condolence to Widow of General von Emmich.

Berlin, Dec. 23.—Emperor William has sent a telegram of condolence to the widow of General von Emmich, whose death was announced yesterday at Hanover.

The ruler's message follows: "I have lost an officer whom I highly esteem as a paragon of fidelity and devotion, as a soldier and man, and when history describes the most glorious achievements of this war, I shall name will occupy one of the first places."

## DASHED TO DEATH

Otto Anderson Is Killed in an Automobile Accident.

Lost Control of His Car and Turned Over Twice.

Because he was unable to control the loose steering gear of his automobile Otto Anderson, proprietor of the New Fashioned auto hwy, 112-14 West Fifth street, was dashed to death on the road west of Topeka, fourteen miles west of Topeka, last night at 9:30 o'clock. Elmer Jones, of 216 Kansas avenue, who was in the car with Anderson when the accident happened, escaped unhurt. A fracture at the base of the brain caused Anderson's death, according to Dr. J. H. Rinehart, coroner, who brought the body back to Topeka.

The two men, in a Park and Palmer car, were driving west on their way to St. Marys on business and had just passed Kinrossville, when, according to Jones, the car slipped to one side of the high graded roadbed. Anderson tried to turn the car quickly and it turned over twice. Jones was catapulted to the side of the road and Anderson was pinned under the car.

"I was dazed," explained Jones in telling the coroner what happened, "when I came out of the stupor I saw the car on the other side of the road. I went over to it and found the engine running. I called to Otto to tell me how to shut it off and he did not answer."

"I went to look for him. He appeared to be unconscious. I saw the car for I found him at the side of the road. I felt his pulse and it was beating. I went back to turn off the engine and when I returned Otto was dead. I called Topeka and asked for Coroner Rinehart."

Rinehart and O. S. Perkins, of the Perkins Livery company, went to the scene of the accident in Dr. Rinehart's car and Bert Miller, an employee of Anderson's Art Shop, Verna, Welch, and Art Scott went along in a Ford. The men returned with Anderson's body about 11 o'clock this morning and Dr. Rinehart made an examination of the dead man at Shella-barger's undertaking parlors. He found that death had been caused by a fracture at the base of the brain.

The body was moved to Penwell's funeral home and later to the home of his wife and son, Lyle Anderson, who live at 210 West Thirtieth street. The funeral arrangements have not yet been made.
